## Summary

A highly motivated front-end developer with a passion for web design and development, I am constantly seeking opportunities to expand my knowledge through well-guided learning, online courses, and hands on projects. With strong problem-solving skills, I excel at creating responsive and high-quality websites that provide excellent user experiences.

## Experience

**Front-End Developer**  
**Ocelot group**

**June, 2024 – Current**  
**Nigeria**

- Specialized in front-end framework construction.
- Handled special projects designated by senior developer.
- Built reusable code to utilise for other projects and to minimise costs.
- Coordinated closely with graphic designers to translate visual concepts into functional website elements.
- Analysed user feedback and web analytics to make data-driven decisions for website improvements.
- Managed version control using Git, facilitating team collaboration and maintaining project history.
- Developed user-friendly website interfaces using React for enhanced user experience.

## Tools

- ReactJs
- TypeScript
- Tailwind CSS
- HTML 5
- Valina CSS
- JavaScript
- Next Js
- Github

## Skills
